All at Once.

Recently a strange horse, of prepossessing appearance, though heretofore unknown, entered the race with the most favorite on the track, and unexpectedly unraveled such marvelous qualities that when he reached the goal, the palm of victory was awarded him, and all many unwittingly had to pronounce him without an equal. Such is exactly the case with Foss & Schneider's "Nonpareil" Export Lager, for when it first, and but very recently, was presented to the public, everybody was at once astonished at its unexpected qualities, and all pronounced it never to have been and never to be equalled, and thus the "Nonpareil," after a short, decisive battle, planted its banner of victory on an unapproachable height. For sale at Chas. Kohlhaas's.

Smallpox.

Many false rumors were in circulation yesterday in regard to new cases of smallpox, such as one at the Haynes House, an engineer from Chattanooga being taken off his engine at this place with a well developed case, a baggage master down with the disease, new cases in North Knoxville and on East Cumberland street. The following are the facts, as we gather them from Dr. Huddings, city physician, and Dr. S. B. Boyd, secretary of the board of health: Total number of cases to date, eight; number of deaths, two, both deaths occurring in the house on Cumberland street where the first case originated.

The last of the two deaths was that of Eliza Cavell, aged about twenty-five years, who died Sunday night, after an illness of twenty-six hours. Her death was caused by heart disease and kidney affection, complicated with smallpox. The only new case reported to the board of health is that of—Cavell, a girl of about sixteen years, an inmate of the same house, on Cumberland street, where the deaths occurred. All precautions are being taken by the board of health and city physician to prevent the spread of the disease.

There is no alarm manifested among our citizens. Our readers may rest assured that we shall faithfully report all facts concerning the disease as we get them.

E. Wiley attended on the wounded man, and dressed the injured member. The accident will cause an enforced rest of two or three weeks.

Mr. Elkanah Harris, an employee of the E. T. Va. & Ga. Railroad, had the misfortune yesterday morning, to have his right hand badly injured by getting it caught between the bumpers while coupling an engine to a freight train. Dr. G. E. Wiley was called in and dressed the wound.

Mr. Chas. E. Rodgers, salesman for Rodgers & Cooke, had the end of the second finger of his right hand cut off yesterday evening by getting it caught between the end of a heavy water pipe and a sharp rock.

A Down Town Merchant.

Having passed several sleepless nights, disturbed by the agonies and cries of a suffering child, and becoming convinced that Mrs. Wilson's Soothing Syrup was just the article needed, procured a supply for the child. On reaching home and administering the Syrup with what he had done, she refused to have it administered to the child, as she was strongly in favor of Homoeopathy. That night the child passed in suffering, and the parents without sleep. Returning home the day following, the father found the baby still worse; and while contemplating another sleepless night, the mother stepped from the room to attend to some domestic duties, and left the father with the child. During her absence he administered a portion of the Soothing Syrup to the baby, and said no more. That night all hands slept well, and the little fellow awoke in the morning bright and happy. The mother was delighted with the sudden and wonderful change, and although at first, dreading at the deception practiced upon her, she continued to use the Syrup, and suffering crying babies and restless nights have disappeared. A single trial of the Syrup never put it to rest in the baby, and preserve the precious life of the mother. Sold by all Druggists. 25 cents a bottle.

By its Faithful Use, CONSUMPTION HAS BEEN CURED When Other Remedies and Physicians have Failed to Effect a Cure.

Wm. C. Digges, Merchant of Bowling Green, Va., writes, April 4, 1881, that he wants us to know, all speak in high terms of Allen's Lung Balm, not only as having the largest sale, but of giving entire satisfaction wherever it is used. In relation to the "Soothing Syrup" he writes: "The Lung Balm cured him, as it has many others, of Bronchitis."

Voluntary Editorial from the Dubuque Herald.

Allen's Lung Balm is a popular remedy in Dubuque and the surrounding country. The druggists whom we have interviewed in regard to the sale of different remedies for Lung Disease all speak in
